The Cantonment legal advisor examined the cases and informed this office that the names of the applicants can be incorporated as Holder of Occupancy Rights in the GLR Records.

The mutation of above properties in the name of the applicants have been published in the local newspapers inviting objection if any from the public. As per office reports, the office has not received any objections from the public regarding mutation. The technical staff of this office inspected the site and reported that there are no encroachments at site. The Board may consider and resolve on the mutations for the above mentioned properties in the name of the applicants to enter in the GLR Records. The relevant files are placed before the Board.

Resolution:- Considered and approved. The Elected Member from ward no. 8 Shri J. Lokanatham informed that in several cases in bazaar areas, residents are finding it difficult to get their names mutated in the General Land Register as they are not able to get hold of link documents like sale deeds etc. He informed that due to this problem they are finding it difficult to make applications for building plans resulting in the houses getting dilapidated. He requested the CEO that such cases should be dealt with sympathetically. The CEO explained that the old grant terms are inviolable and all the procedures for mutation of old grant properties in GLR should be followed. However any genuine problems would be handled on a case to case basis after obtaining legal advice.

ANNUAL CONTRACT FOR CLEANING OF SILT/SLUDGE BY JETTING AND SUCTION MACHINES IN SECUNDERABAD CANTONMENT

[08] To consider and approve the tender of Annual contract for cleaning of silt/sludge by jetting and suction machines in Secunderabad Cantonment.

As per the report of Health Section this office has called e-tender vide Tender Id No. 2017_DGDE_270688_1 for the subject work. In response to the tender, two bidders participated in the tender process. Therefore, the tender was cancelled and a re-tender called vide Tender Id No. 2017_DGDE_286366_1. In this, two bidders and quoted their rates. The comparative statement is as under:

Sl.No.	Name of the Bidder	Rate Quoted	Remarks
1	M/s KanthiTeja Enterprises	Rs.13.00	L1
2	M/s Thirumala Enterprises	Rs.13.00	L1

Both the bidders quoted the same rate. Therefore, both the bidders are asked to submit negotiated rates in sealed covers on 12.01.2017. The comparative statement of the negotiated rates is as under:

Sl.No.	Name of the Bidder	Rate Quoted	Remarks
1	M/s KanthiTeja Enterprises	Rs.12.96	L1
2	M/s Thirumala Enterprises	Rs.12.96	L1

It is seen that both the bidders have quoted the same rate. The Board may consider and resolve accordingly.

Resolution:- Considered and resolved that the lowest tender quoted by M/s. KranthiTeja Enterprises & M/s. Thirumala Enterprises are approved. The CEO may get the job done through either or both of them.

The elected members informed that there is also a need for a smaller jetting machine to go into the smaller lanes and by-lanes of basthis. They also informed that efforts have been made with the State Government for the said vehicles which however could not materialise. The PCB suggested that if the finances of the Board permit the same may be procured from Cantonment Fund.

**LAYING OF OPTICAL FIBLE CABLE IN CANTONMENT LIMITS BY
M/S. RELIANCE JIO INFOCOMM LIMITED**

[09] To consider the proposal received from M/s. Reliance JioInfocomm Limited dated 08.11.2017 with regard to laying of Optical Fibre Cable by Aerial Cabling method by installing 1,712 nos. of ISHB 9.0 mtrs Poles in Secunderabad Cantonment Limits for length of 50,142 meters.

The relevant file is placed before the Board.

Resolution:- The proposal has been considered. The Board notes that there is no policy of the Board to govern the issue of permission for aerial cabling. Therefore, the Board resolves that a policy for all such cases in future will have to be formulated. Accordingly the Board formulated the following policy to govern such aerial cabling. Any agency which applies for permission to erect poles for aerial cabling has to apply to the Chief Executive Officer under the following conditions.

- a. The minimum height of the cable shall be 9 meters from the ground which may be relaxed on a case to case basis as per the site conditions by the office.
- b. Payment of Rs. 1500/- per pole per year has to be made to the Cantonment Board irrespective of the category of land it is being erected upon. Taxes if any have to be paid by the agency.
- c. It is the responsibility of the agency making the application to obtain necessary permissions from the authorities other than Cantonment Board wherever involved at their terms and conditions.
- d. Poles once erected will become the property of the Cantonment Board and the agency will have the rights only to use the said poles for hanging their cables or placing minimum required fixtures necessary for aerial cabling.
- e. The Board shall be free to use the said poles for any bonafide Cantonment Board purposes including street lighting, CC TV cameras, message / advertisement boards and the agency shall have no right or claim what so ever.
- f. The agency will pay the yearly fees in advance.
- g. Road cutting fees shall be as per the norms enclosed in the note by the CEO.
- h. Security Deposit of twice the annual fees shall be made by the agency which will be refunded only at the time of exit of the agency from the said work. No interest will be payable on the said deposit.
- i. The agency will also ensure that the cables will not create any obstruction for the movement of vehicles, processions etc. They will have to ensure that in case of requirement they should make arrangements for ensuring that any procession / vehicle would pass through without any impediment.
- j. The agency will be responsible for maintenance of their cable and Board shall not be responsible for any damage caused due to movement of vehicles or any other reasons.
- k. In case of the cable having to cross important / main roads, the same may need to be done underground for which necessary road cutting charges will have to be paid as per calculations approved in the CEO note.
- l. The poles erected will have to bear a serial number and no additional poles shall be erected.

- m. If any pole is damaged for any reason the agency shall immediately replace it with a new pole. If any damage is caused to life and property, the agency shall make good the same and shall indemnify the Board or its functionaries from any legal issues arising out of any such eventuality.
- n. The poles erected should be aesthetic and if any pole appears to be unkempt or shabby, the CEO may direct its replacement.
- o. Chief Executive Officer reserves the right to revise the rates per pole and road cutting charges periodically. He may also revise the conditions listed above based on site conditions or other bonafide requirements of the Public and Cantonment Board.
- p. CEO may grant permissions as per the said policy and impose penalty for any default by the agency.

CATEGORY – GIFTED

[10] To consider the building notices received under section 235(1) of the Cantonments Act 2006 from the following applicants for erection of Building on Plot / Survey Numbers in colonies mentioned against each.

The building plans are in accordance with the building byelaws and FSI restrictions. The site in each case is situated outside notified civil area classified as B-2 land as per the GLR maintained by the DEO, AP Circle, Secunderabad.

The layout of these colonies was sanctioned after 1974 and the societies have handed over 40% open area for civic and other amenities to the Cantonment Board, Secunderabad by a way of Registered Gift Deed as per the bye-laws.

As per the decision of the Board in its meeting held on 04th November 1997, No Objection Certificate from Airport Authority of India has not been insisted in such cases where construction of only Ground Floor is involved.

* At Sl. No. 18 above the building application of Shri Tilak Raj Bassan & Other has been scrutinized in technical aspects and the same is found to be in order. For this plot, they obtained a building permission vide CBR No.10 (6) Dated: 22-10-2016 for Ground and First Floors. But they constructed at the site up to plinth level including a part of Cellar.

At Sl. No. 20 & 21 above, the applicants submitted plans for seeking permission on P.No.23 & P.No.11, Shanthinikethan, (Seva Mandal Co-operative Housing Society), Mahendra Hills, East Marredpally, Secunderabad Cantonment. The Layout was approved vide CBR No.17 Dated: 01-10-1981. The 40% area was gifted to the Cantonment Board, Secunderabad by way of Gift Deed. The plot areas both these plots are less than the plot area as per approved layout. As per the site inspection by the ward Engineer it was found that the said plot measurements are not tallying with the approved layout measurements on ground. The measurements are lesser than the original approved layout measurements. Previously the plans were returned on the same ground. Now the applicant has re-submitted plans stating that the plots are reduced to the present size due to road widening, curvature of the road and site conditions.

As per the report of the Engineering Branch placed on table, the above building applications had been scrutinized in technical aspects and the same were found to be in order.

The relevant files are placed before the board.

Resolution:- The Board considered and approved the following Building Applications:

The Board resolved to approve the building applications under section 235 of the Cantonments Act, 2006 subject to condition that the plan will be released only after Rain Water Harvest Pits are made in the plots and if no objection with regard to involvement of defence land or State Govt. property or disputed property is received within one week. CEO shall release the plinth sanction only as resolved under CBR No. 12 dated 07th August 2013. On satisfactory completion of plinth, rest of the building plan will be cleared. For item no. 18 Cellar is permitted considering the site conditions. For items at S.Nos 20 and 21 above, the sanction is restricted to the area as per sale deed and available on ground i.e. 225 and 261.52 sq yards respectively.

The sanction for erection of the building shall be available for two years from the date of issue. If building so sanctioned is not begun within the period, the sanction will lapse. The date of commencement shall be reported / intimated to the Board and completion certificate shall be obtained.

The erection as per plan shall be completed within the period of one year from the date of its commencement. The plan should be adhered to absolutely in every respect. The sanction is Municipal sanction only and is without prejudice to anyone else right on or to the land. The date of completion shall be reported as required under section 242 of the Cantonments Act, 2006. The sanction will be subject to receipt of NOCs from concerned authorities.

[11] To consider the building notices received under section 235(1) of the Cantonments Act 2006 from the following applicants for erection of Building on Plot / Survey Numbers in colonies mentioned against each.

The building plans are in accordance with the building byelaws and FSI restrictions. The site in each case is situated outside notified civil area classified as B-2 land as per the GLR maintained by the DEO, A P Circle, Secunderabad.

The layout of these colonies was sanctioned after 1974 and the societies have NOT handed over 40% open area for civic and other amenities to the Cantonment Board, Secunderabad by a way of Registered Gift Deed as per the byelaws.

As per the decision of the Board in its meeting held on 04th November 1997, No Objection Certificate from Airport Authority of India has not been insisted in such cases where construction of only Ground Floor is involved.

As per the report of the Engineering Branch placed on table, the above building applications had been scrutinized in technical aspects and the same were found to be in order.

For Sl.No.6 above, No-objection certificate is received from The Hyderabad District Collector. In all other cases NOC from Collector has not yet been received though this office wrote to the concerned authorities seeking NOC and reminders also have been sent.

The relevant files are placed before the board.

Resolution:- Smt. Sarla Vandanam, Rep. of DM informed that except for item no. 6, in other cases 'No objection' has not been accorded by them as the NOC committee has not met in the recent past. She informed that in items no. 3 & 4 the endowments department of Govt. of Telangana has a claim. She further informed that Writ Petitions No. 21538 / 2012 & 27613 / 2012 are pending before the Hon'ble High Court of Telangana & AP and also that interim orders not to alienate and change the nature of land covered by Sy. No. 75 admeasuring 23 Guntas at Thokatta Village have been made in WP No. 27613 / 2012. She claimed that it is State Govt. Land and requested not to grant building plan sanctioned in view of the said interim order by the Hon'ble High Court. She also informed that in item no. 8 as per their records there is no Sy. No. 157/4 in Thokatta village, Secunderabad Cantonment. Therefore the matter needs to be surveyed by DDSLR before taking any decision on the same. She informed that NOC can be communicated only after the NOC Committee meeting takes place.

The elected members stated that despite the absence of a statutory requirement under the Cantonments Act, the views of State Govt are being taken to protect their interest if any and that such long delay in communication of NOC is not acceptable as it is leading to a lot of discontent among the applicants for building plan sanctions and causing great inconvenience to them. The PCB informed that such undue delays in processing NOC by the Revenue officials are not acceptable as the applicants are forced to suffer difficulties without any fault of theirs. The Board accordingly resolves to approve the building plans listed at numbers 1, 2, 5, 6 & 7 in the agenda side which are reproduced below:

The Board resolved to approve the building applications under section 235 of the Cantonments Act, 2006 subject to condition that the plan will be released only after Rain Water Harvest Pits are made in the plots and if no objection with regards to involvement of defence land or State Govt. property or disputed property is received within one week. CEO shall release the plinth sanction only as resolved under CBR No. 12 dated 7th August, 2013. On satisfactory completion of plinth, rest of the building plans will be cleared.

The sanction for erection of the building shall be available for two (02) years from the date of issue. If building so sanctioned is not begun within the period, the sanction will lapse. The date of commencement shall be reported/intimated to the Board and completion certificate shall be obtained.

The erection as per plan shall be completed within the period of one year from the date of its commencement. The plan should be adhered to absolutely in every respect. The sanction is Municipal sanction only and is without prejudice to anyone else right on or to the land. The date of completion shall be reported as required under section 242 of the Cantonments Act 2006. The sanction will be subject of receipt of NOC from concerned authorities. The above approval will be subject to verification of requisite NOCs from DEO, SEMO and Airports Authority by the CEO.

The items listed at 3, 4 & 8 on the agenda side would be pended. The Board further resolves that these matters would be taken up by the Board again if no concrete evidence/documentation is produced by the revenue authorities within three weeks from the instant date. The Board further resolves that in all future cases if nothing is heard from the revenue authorities within 3 weeks of the date of communication to them with regard to NOC for construction on any

land, it will be deemed that there is no objection from their side and the plans would be taken up in the following Board meetings without any further reference to the revenue authorities. The PCB also directed Smt. Sarla Vandanam, the nominee of the District Magistrate to take a note of this and inform all concerned revenue authorities.

The Board resolved to approve the building application under section 235 of the Cantonments Act, 2006 subject to condition that the plan will be released only after Rain Water Harvest Pits are made in the plots and if no objection with regards to involvement of defence land or State Govt. property or disputed property is received within one week. CEO shall release the plinth sanction only as resolved under CBR No. 12 dated 07th August 2013. On satisfactory completion of plinth, rest of the building plans will be cleared.

The sanction for erection of the building shall be available for two years from the date of issue. If building so sanctioned is not begun within the period, the sanction will lapse. The date of commencement shall be reported / intimated to the Board and completion certificate shall be obtained.

The erection as per plan shall be completed within the period of one year from the date of its commencement. The plan should be adhered to absolutely in every respect. The sanction is Municipal sanction only and is without prejudice to anyone else right on or to the land. The date of completion shall be reported as required under section 242 of the Cantonments Act 2006.

The Board further resolves that permission for construction up to ground floor only be accorded in all the above cases as per directions of the Hon'ble High Court in similar matters. No portion of the cellar will be above the level of the ground. Further the sanction letter should clearly state that the sanction would be subject to outcome of the Writ Appeals filed by the Airports Authority of India and that the Board shall not be liable to pay any compensation in case the construction would need to be removed/demolished in case of any such directions by the Hon'ble High Court. An undertaking be obtained to this effect from applicants of all such cases before release of building plans.

COMPASSIONATE APPOINTMENTS

[16] To consider the note with regard to compassionate appointment for the kith/dependents of the Cantonment Fund Servants who have died while in service or have been medically boarded out.

Relevant documents are placed before the Board.

Resolution:- The CEO apprised the Board regarding the long pending issue of compassionate appointments cases which have not been considered in Secunderabad Cantonment Board for several years. Therefore there is a huge backlog of such applications pending in the Office. The affected families and the Employees Union have constantly been raising this issue at various fora requesting that compassionate appointments should be given. The Elected Members had also on several occasions requested the CEO to consider making appointments on compassionate grounds. The Board considered the matter in detail and opined that the genuine demands of the affected families should be taken care of. The Board therefore endorses the proposal of the CEO contained in the note. The Board further recommends that since the proposal itself has been taken up by the Chief Executive Officer in 2016-17 and also since compassionate appointments were not given for several years, the compassionate appointments may be given for the years 2016-17 & 2017-18 by calculating 5% of the vacancies for each year separately. Remaining candidates as per the waiting list may be filled up in the coming years. The Board further recommends that proposals for relaxation of age etc may be sent to competent authority wherever necessary.

REPRESENTATION FOR REVISION OF BUILDING SANCTION IN REPECT OF OPEN PLOT SITUATED IN SY NO 155, OPP MONDA MARKET, THOKATTA VILLAGE, WARD-6 , SECUNDERABAD CANTONMENT

Reference CBR No 17(8) dated 25.06.2008,
CBR No 4(1-25) dated 13.08.2010,
CBR No 31 dated 30.10.2017

[17] To consider the representation received from Shri. M.Madhusudhan Reddy, Managing partner, M/s Vaishnavi Developers regarding revision of building plan and approval accorded vide CBR No 17(8) dated 25.6.2008. The applicant has submitted a revised building application on the ground that due to site condition, facing the main road opposite Monda market and requirement to forgo his land for road widening purposes, during the erection of building, deviations have occurred necessitating the revision in building plan and sanction. As per the records, notices under Sec 248 and 320 were issued against the violation and deviations from the sanctioned plan as approved vide CBR No 4(1-25) dated 13.8.2010 against which an appeal was preferred by the

applicants. However, subsequently the applicants withdrew the appeal and undertook to remove the deviations as mentioned in the notices issued by the Board. The report of technical staff on the demolitions carried out by the applicant in compliance with the notice issued along with the report on the revised building plan submitted was placed before the Board for taking a decision on the matter. The Board having considered the matter on 30.10.2017 resolved that the matter be pended for inspection of the PCB.

The matter is again placed before the Board for consideration along with the extent and cost of deviations from the sanctioned plan.

Resolution:- Board discussed the matter in detail. The Board noted that this is a case of deviations in the construction from the sanction accorded by the Board earlier. The Board further noted that the efforts and intention of the applicant to abide by the rules and follow the law should not be overlooked and also keeping in view the fact that the building is under disuse since long for resolving the deviations, the matter deserves to be re-examined. It is further noticed that the applicants have given 379.77 sq. yards of land out of their plot area for road widening purpose without seeking any compensation for the same. The plot is situated in the commercial area in the vicinity of Bowenpally Market yard where the requirement of road widening is imminent. As per the site report, in order to conform to the FSI norms, the applicants ensured and undertaken to develop and operate only that much portion of building which falls within the permissible FSI. Portion of cellar has been closed. There is a shortfall in the setback area on three sides and rectification of the same at this stage will affect the structural safety of the building. However, the requirements of fire safety norms and service utility areas and ensuring the circulation space for the same are equally important and the applicants should take all measures to cater to these requirements and without causing any hindrance or nuisance to neighbouring properties if any. It is pertinent to record that keeping in view the growing requirements of commercial spaces and high value properties, the Board has framed revised building byelaws incorporating certain changes to maximise the utilisation of private plot areas while preserving the character of Cantonment.

After discussing the matter, keeping in view the peculiarity of the site condition and structural safety of the building, the Board resolved to recommend the case to GOC-in-C, Southern Command, Pune for accepting the withdrawal of appeal and the regularisation of deviations from the approved plan in the construction of the building. The calculation of composition fee comes to Rs.12,14,570/- i.e, 10 % of the cost of construction of the building. It is further resolved that in the meanwhile, the seal on portion of the building may be removed subject to submission of an undertaking by the applicant to abide by the decision of the competent authority on the above reference.

POST OF HINDI TRANSLATOR

[18] To consider the letter received from Director General Defence Estates No. 17(1)/राजभाषा/रक्षासंपदा dated 06.12.2017 with regard to creation of the post of Hindi Translator in Secunderabad Cantonment Board as per instructions of Government of India.

Relevant documents are placed on the table.

Resolution:- Considered and proposal as per the note of CEO is approved. CEO may take up the matter with the competent authority for their approval.

The Board resolved that a post of Hindi Translator may be created in Secunderabad Cantonment Board with a pay scale of Rs.22,460/- to Rs. 66,330/- and equated with the post of Asst. Translator Cum Reader (Hindi) in Information and Public Relation Department, Govt. of Telangana with Chief Executive Officer as appointing Authority. Further resolved that suitable proposal may be sent to the Competent Authority for obtaining necessary sanction under Rule 5 of Cantonment Fund Servant Rules 1937 read with Rule 45, 46 & 47 of Cantonment Account Code, 1924. CEO may take further action in this regard.

UPGRADATION OF THE POST OF DRAUGHTSMAN TO ASST. ENGINEER / ASST. CANTONMENT PLANNER

[19] To consider the representation received from Shri. D. Rajeshwar, Draughtsman dated 05.02.2018 to consider the up gradation of the post of draughtsman to Asst. Engineer/Asst. Cantonment Planner. As per the representation Shri. D. Rajeshwar claims that he is eligible to be upgraded to the post of Asst. Engineer/Asst. Cantonment Planner as he has requisite qualifications and service. The employee has represented the matter before the national Commission for Scheduled Castes on the ground of inaction by the Board which is being heard by the Commission.

As per CFSR and memorandum of understanding the post of draughtsman in Secunderabad Cantonment Board equated with the post of draughtsman Grade III in PWD of State Government. Further there are no promotional arrangements available to the post of draughtsman due to which the said individual has already been given regular pay hikes as per the Automatic Career Advancement Schemes. Such a situation is prevalent in case of other categories of posts as well where there are single posts with no promotional channel. This fact has already been communicated to the said individual as well as the Commission. Subsequently, Shri. D. Rajeshwar submitted his application for up-gradation of the post of Draughtsman to Asst. Engineer / Asst. Cantonment Planner. During cadre review of Secunderabad

Cantonment Board done during the year 2010-11 the posts of Asst. Engineer / ACP were kept as direct recruitment posts and the post of Draughtsman was retained as a post without any promotional arrangements. As present the said individual is drawing basic pay of Rs.44,870/-. In the pay scale of Rs.22,460/- to Rs.66,330/-.

Relevant file is placed before the Board.

Resolution:- Considered and discussed the matter in detail. The CEO informed that the representation of the employee was considered by the Board previously, but CBR No 5 dated 25.08.2008 could not be implemented and no concrete proposal could be processed due to lack of corresponding provision or channel for equation in the State Government. The Board further noted that there are other posts in the organisation like Data Entry Operator, Computer Programmer, Supdt, Water Works etc without promotional avenues wherein employees get recruited and retire in the same posts. There is a scheme of automatic advancement introduced to offset the stagnation and non-availability of the promotions to the government employees and employees of local bodies. Therefore the employee is advised not to interpret the same as discrimination of him alone. Though the Board has made attempts to revise the establishment in the past to address functional needs as well as the requirement of career progression of employees, but the same is limited due to small cadre strength and restricted finances of the Board. However, keeping in view the need for harmonising the functional needs with legitimate career expectation of the employee, the Board resolved to approve and recommend the upgradation of the post of Draughtsman to the post of Assistant Engineer/Asst Cantonment Planner and such upgradation shall be valid and applicable only during the service of Shri D Rajeshwar and the post shall revert to its original form on retirement of the employee. A detailed proposal along with all service details of the employee should be sent to GOC-in-C, Southern Command Pune as required under CFSR, 1937 and Cantonment Account Code, 1924.

Resolution:- The Board resolved to approve the lowest rates quoted and subsequently revised by M/s. M. Laxman Rao and Sons.

Shri. Ramakrishna, Vice President informed the Board that the Contractors for UGD is delaying the works allotted to him and that the excavated materials are not been properly disposed resulting in unseemly look at some places. He requested that instructions be given to the contractor not to resort to such incomplete work. The PCB directed the engineers to ensure that bills are put up to the CEO only after the entire work is complete and is as per specifications. The PCB directed that it shall be the responsibility of the engineers to report on the compliance by the contractor. The office may also hold Pre-bid meetings with the prospective bidders wherever necessary and permitted as per rules. The CEO informed the Board that it would be better if the works would be inspected by Garrison Engineer and only on his satisfaction that all specifications have been met the bills will be cleared by the CEO. However the Board unanimously opined that this will lead to unnecessary duplication of work and delay in payments which may result in delay of works. The Garrison Engineer also informed that it may not be possible for him to take up the responsibility considering his own tight schedules. The Board expressed confidence in the ability of the office to process these cases and resolved that there is no necessity to refer the same to the Garrison Engineer.

Additional points:-

[29] As regards the letter no. 0039/Office of the Vice President/SCB/2017 dated 29.12.2017 addressed to President Cantonment Board by Shri. J. Ramakrishna, Vice President & Elected Member, Ward V Secunderabad Cantonment Board, PCB has stated most of the points raised do not come under the scope of the Board and fall within the administrative domain of the CEO and the staff and also that there is no scope of any review by the Board in procedure laid down by the Statute. However, he assured that any specific issues requiring decision of the Board will be appropriately addressed. The PCB further informed that the Chief Executive Officer is the Secretary to the Board and the staff assists the Chief Executive Officer in performance of the duties.

[30] To consider the matter raised by elected members with regard to continuation of the Swachhata Hi Seva program throughout the year.

Resolution:-

The elected members requested that the Swachhata Hi Seva program should be conducted throughout the year. The CEO informed that the Swachhata Hi Seva program was organised as a special drive as per instructions of Govt. of India to be conducted during 16th September, 2017 to 02nd October 2017. The program was successfully organised with active participation from the Hon'ble MP & MLA, Elected Members of the Board, Citizens, CEO & Staff of the Cantonment Board. The CEO informed that large percentage of the resources of the Board were directed towards this program as a special drive and the available resources with the Cantonment Board may not permit such a drive throughout the year as it involves several activities including special education drives through cultural troops, rallies by public and students, special competitions to be conducted at schools etc. The Board concurs with the opinion expressed by the CEO but however to ensure the highest standard of sanitation the Board resolves to undertake some special sanitation drives throughout the year. The Board resolves that a team comprising of a suitable vehicle and six safai karmacharis on outsourcing basis may be constituted to organise such drives. The CEO may take further necessary action and incur necessary expenditure in this regard.

[31] To consider the constitution of various committees to assist the Cantonment Board

The elected members requested that the proposal for constitution of various committees like Finance Committee, Public Works Committee, may be considered by the Board. The same request was made by J. Ramakrishna, Vice President of the Board in his letter dated 29.12.2017.

Resolution:-

The matter was considered in detail. The Board notes that to make the committees, requisite byelaws had to be framed as per the Act. Shri. Ramakrishna expressed that having Committees would help ease the pressure on the Board and Chief Executive Officer. Due to complexities and vastness of the Cantonment as also non availability of the time of the PCB and the Vice President and due to the extreme pressure on the Chief Executive Officer to undertake statutory, constitutional works like election and electoral rolls related work, and the last minute requests from the members to incorporate estimates and agenda items, the Board meetings sometimes get delayed despite best efforts. In such scenarios the committees can play an important role in addressing the immediate needs of the Board and assisting the Board in making quick decisions. The CEO informed that efforts to hold regular meetings as per

instructions received from higher authorities from time to time are being made and the communication of Director General, Defence Estates in this regard is noted by the Board.

The Board resolves that the members may give their inputs and suggestions with regard to constitution of Committees. The CEO may put up the matter before the Board at an early instant.

[32] Nominated Member, Col. Atul Rajput raised the pending issue regarding the regularisation case of building at Padam Singh Farm, AOC regimental Association and requested the Board to consider the same.

Resolution:-

The Board notes that the matter was discussed vide CBR No. 31 dated 23rd Sep 2015 wherein the AOC Regimental Association was asked to submit detailed regularisation plan. The matter was reconsidered after submission of requisite regularisation plans vide CBR No. 23 dated 26th July 2016. However, after prolonged discussion, the matter was pending due to a drainage issue raised by concerned ward member, Ward No 5 and resolved for getting a joint inspection report. The Vice president stated that the issue has since been resolved and that there should now be no objection in regularizing it. The Board therefore considered and resolved to forward the regularisation plans to GOC-in-C, Southern Command, Pune for approval. The CEO is authorised to prepare the composition fee as per the norms approved by the Board and send the proposal to the GOC-in-C, SC.

[33] Digging of Borewells and ground water recharging measures.

Resolution:-

Ward 4 Elected Member Kum. Nalini Kiran requested that 2 bore wells may be sanctioned in her ward. The other elected members also requested for the same. PCB while giving in-principle approval for the same subject to availability of funds and requisite permissions, cautioned the members against over exploitation of the ground water resources. Chief Executive Officer also emphasized the need to regulate usage of ground water and recharging of the ground water through conservation measures like rainwater harvesting etc in the true spirit of Jalam-Jeevam program of the State govt to be launched soon. Board resolved to authorize the Chief Executive Officer to take necessary action in this regard.

Shri Sayanna, MLA, informed the Board that his efforts to get State Govt funding for cleansing Ramannakunta lake have fructified and that the Govt would soon release orders for the same to be executed at a cost of Rs. 2.5

crores. The President, Cantonment Board and the Board members appreciated and thanked the MLA for the efforts. Towards the close of the meeting, Vice president Shri J. Ramakrishna submitted a representation on the water rates, arrears and billing issues. However, due to paucity of time, the same could not be taken up and the same will be taken up subsequently.
